About Hutch Ambulance Service Inc. – Assiniboia Base

Assiniboia has one of the largest coverage areas in the Golden South covering a little over 15,000 square kilometers. We have two fulltime crews working out of our Assiniboia base responding to 700 calls a year. The base houses three ambulances and one Rover/Supervisor vehicle. We have additional operations in Swift Current, Ponteix and Moosomin. We have started a program to help develop Advanced Care Paramedics and offer a Scholarship after two years of service to attend Saskatchewan Polytech to complete the training. We look forward to talking to you about your employment opportunities.

HISTORY of ASSINIBOIA

Assiniboia began as the CPR rail line moved through south central Saskatchewan. The town sprang up literally overnight as lots were sold for the village on the 12th of October 1912. The new community grew quickly and was incorporated as a town in 1913. Assiniboia's name is taken from the Aboriginal name that the area had for countless generations. The name means "one who cooks with stones". The area where Assiniboia is now located was a traditional meeting area.

It is now the center of the largest trading area in south central Saskatchewan, thus continuing the tradition of being an excellent location to meet with others.
